SEAT FILL

Cloud 9 (Standard Fill)

High-resiliency (HR) foam wrapped in two layers of D91, a specialty hollow-core polyester fiber designed for softness and recovery. Encased in a down-proof cover, this is our most popular cushion fill, featuring a distinctive crown and a plush sitting experience.

Luxe Aire (No Additional Charge)

Firmer HR foam wrapped in polyester fiber, which is then encased with a fabric cover. Luxe Aire offers a clean and tidy silhouette due to its firmer sit with minimal crown and is recommended for large bench seats if minimizing fabric wrinkles is desired.

Down Supreme (Upcharge)

HR foam core encased in a channeled, down-proof envelope filled with 90% feather and 10% down. This option delivers both supportive comfort and an indulgent feel. Regular fluffing is recommended to maintain loft and minimize comfort wrinkles that naturally occur with feather and down fills.

Spring Down (Upcharge)

A *Marshall (pocket coil) spring system, wrapped in foam and encased in a down-proof envelope filled with a blend of 90% feather and 10% down. Combines resilient internal support with the softness of feather and down for a refined sitting experience.

Trillum (Upcharge)

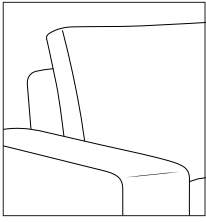

HR foam core encased in a channeled, down-proof envelope that is filled with 100% synthetic fiber. A hypoallergenic alternative to natural down and feather, this cushion offers a soft, luxurious feel with great recovery and minimal maintenance.

Select welting options at step 8. Contrast welting subject to upcharge.

BACK FILL *BACK FILL CANNOT BE SELECTED WHEN TIGHT BOXED IS CHOSEN

Blend Down (Standard Fill)

A balanced blend of 50% polyester fiber, 45% feather, and 5% down, enclosed in a channeled, down-proof cover. This is our standard back cushion fill for most styles, offering inviting support and a comfortably weighted feel.

Regalaire (No Additional Charge)

A firmer fill of 100% polyester fiber, enclosed in a non-channeled, down-proof cover. Provides supportive, structured comfort.

Down Supreme (Upcharge)

A luxurious fill of 90% feather and 10% down, enclosed in a channeled, down-proof cover. Delivers plush, indulgent comfort with a natural loft.

Trillium (Upcharge)

A hypoallergenic alternative featuring soft, blown synthetic fiber inside a channeled, down-proof cover. Mimics the plush comfort of feather and down with less maintenance.
